NOW neudot
YOUR NEW LIFESTYLE

About Us

We live in homes, but actually we live in hearts. With passion, love, care, and adoration. And this same quality you'll find in our furniture, that's made to be cherished. Since 1990, we have been behind the big furniture brands of India. We are humbled to have touched millions of hearts with our range of home and office furniture and will continue to do so in the future.

With a wonderful start by establishing "Vicky's Furniture" in the hearts of south Indians for sofas, beds, chairs, wardrobes, shoe racks, bedside tables, sectional sofas, and other day to day furniture, we have come a long way since then and the journey, so far, has been an enriching and memorable one.

From being pioneers in manufacturing, with our state of the art production facilities and inspiration to become a new lifestyle companion of Indians with New, Elegant, Unique, Designer, Organized, and Trustworthy furniture.

The "Neudot" – India's best furniture brand, is born. It is available on leading e-commerce platforms such as Pepperfry, Amazon India, Flipkart, Urban Ladder, Jio Mart, Wall Mantra, Bajaj Mall, and our happy place www.neudot.in and our official experience centres across India.

Vision

Our Vision is to be the epitome of expression, setting new standards in design, functionality and providing comfort with impeccable quality and customer service.

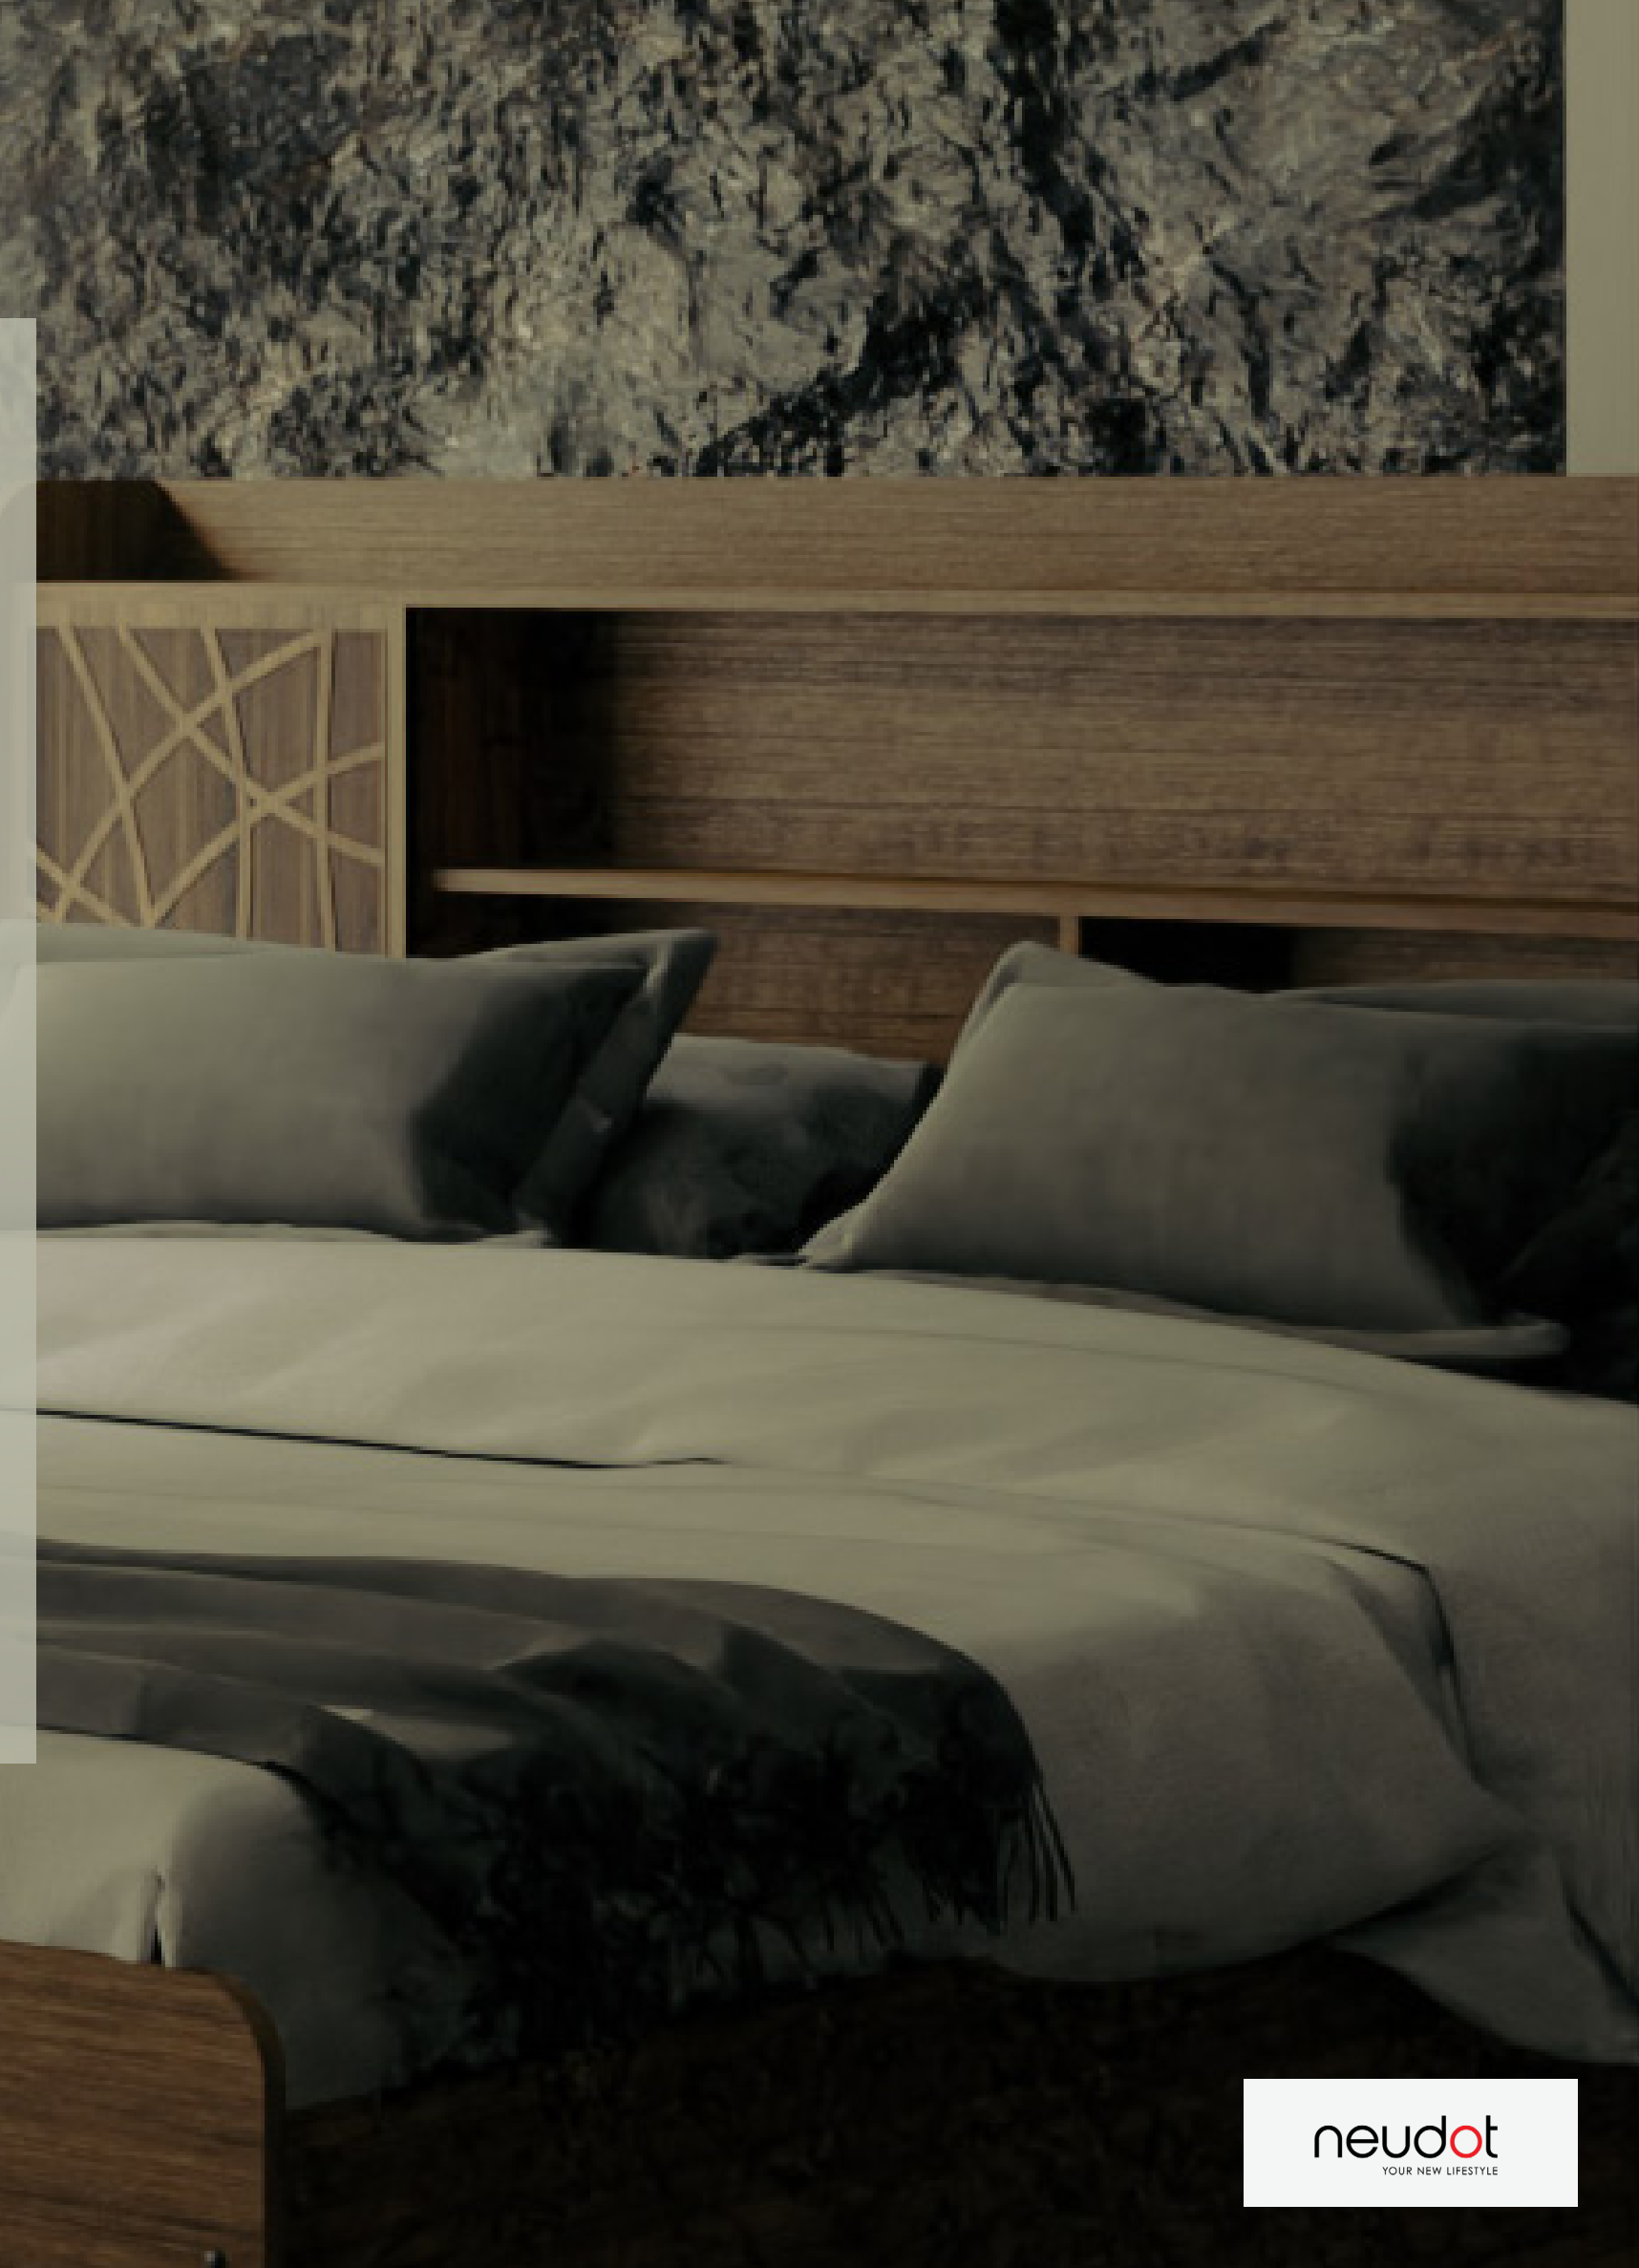

Mission

We are on a passionate mission to transform homes and workplaces into havens of style and comfort by committing to Reliability, Flexibility, Integrity, and Speed to offer excellent customer service.

Let's #WelcomeNewLifestyle!

Infrastructure

As businesses grow larger, so does the organisation. Therefore, the entire business is divided into functions under each process. At the outset, all the processes which are strictly documented are operating processes which transforms inputs to outputs.

At present, there are three state-of-the-art manufacturing units located in Dindigul, Tamilnadu. We are equipped with the latest machinery from Germany and has the capabilities to produce furniture made of particle board, metal induced furniture and customized furniture on a large scale of units.

Bedside Table

Everyone remembers this as an alarm spot from sleep, but it's more than that. Neudot's bedside tables offer a classic & elegant look with functionality which let you keep your things in the right place for the right time.
